

Are you intrigued by the possibilities that our machines can offer? Would you like to get a better understanding of our technologies? If so, we invite you to visit us in Oldenzaal, The Netherlands and let us show you in person at our R&D Center.

Our intent is to demonstrate a “proof of concept” with your materials or we can offer you a wide range of our own materials which are available in our R&D Center. We also provide a wide range of thermoplastic adhesives from global suppliers in the form of films, webs and powders. There are no charges involved with this testing so there is nothing to lose, only to gain.

Do you want to optimize your test results? Prepare samples or qualification material for your customer or even begin production work? This can also be done in our R&D Center. Rent our facility per hour, or day and we will make the required expertise available for operating the machines for you!

1 hour	Euro 125,-
1 day	Euro 750,-
1 day CFC machine	Euro 1300,-

Is it only possible to do the required production or testing in your own facility? We can make our Powder Scattering Device or Calender available to you for in house testing or trials. Please contact us for the availability and cost involved.

DIMENSIONS TEST MACHINES

Type machine	Working width	Hand-sample	Roll to Roll	Unwinding		Type of unwinder	Max. unwind diam.	Internal core diam.	Rewinding		Type of rewinder	Max. rewind diam.	Internal core diam.
LFC 101-101-1000	800 mm	A4	10-100 lm	5x	1 2 3 4 5	Small roll unwinding Small roll unwinding Small roll unwinding Small roll unwinding Small roll unwinding	350 mm 240 mm 350 mm 280 mm 240 mm	<76 mm <76 mm <76 mm <76 mm <76 mm	2x	A B	Small roll rewinding Small roll rewinding Two directions rewinding	450 mm 450 mm	<76 mm <76 mm
LFC 101-101-1000 + PSD	600 mm	A4		1x	1	Small roll unwinding	350 mm	<76 mm	2x	A B	Small roll rewinding Small roll rewinding Two directions rewinding	450 mm 450 mm	<76 mm <76 mm
LFC 101-101-1000 + Ecosafe	300 mm	30/80 cm	10-100 lm	1x	1	Small roll unwinding	350 mm	<76 mm	2x	A B	Small roll rewinding Small roll rewinding Two directions rewinding	450 mm 450 mm	<76 mm <76 mm
PSD	600 mm	A4		1x	1	Small roll unwinding	350 mm	<76 mm					
PSD + IR + Nip	500 mm	A4	10-100 lm	1x	1	Small roll unwinding	350 mm	<76 mm	1x	A	Center winder	1000 mm	>76 mm
CFC 131-2000	1800 mm	40/150 cm	10-60 lm	3x	1 2 3	A-frame unwinding Small roll unwinding Small roll unwinding	800 mm 300 mm 300 mm	76 mm 76 mm 76 mm	1x	A	Contact winder	1000 mm	>76 mm
CFC 131-2000 + PSD	1800 mm	-	10-60 lm	1x	1	A-frame unwinding	800 mm	76 mm	1x	A	Contact winder	1000 mm	>76 mm
GFC 81-3400	3200 mm	-	5-50 lm	1x	1	Textile unwinder	250 mm	76 mm	1x	A	Textile unwinder	250 mm	76 mm
Depends on availability of the machine													
GTC 81-1850	1650 mm	A4	Textile 5-50 lm	3x	1	Textile unwinder	250 mm	>40 mm	3x	A	Contact winder	250 mm	>40 mm
GTC 81-3400	3200 mm				3	Transfer paper	200 mm	76 mm		C	Transfer paper	200 mm	76 mm
GTC SPFL 81-1850	1650 mm	A4	10-40 pieces	2x	1	Protection paper	200 mm	76 mm	2x	A	Protection paper	200 mm	76 mm
GTC SPFL 101-1850			Paper: 5-50 lm		2	Transfer paper	200 mm	76 mm		B	Transfer paper	200 mm	76 mm
GTC SPFL R2R 81-1850	1650 mm	A4	10-40 pieces	3x	1	Textile unwinder	200 mm	76 mm	3x	A	Contact winder	250 mm	76 mm
GTC SPFL R2R 101-1850			Textile: 5-50 lm		2	Protection paper	200 mm	76 mm		B	Protection paper	200 mm	76 mm
			Paper: 5-50 lm		3	Transfer paper	200 mm	76 mm		C	Transfer paper	200 mm	76 mm
